THURSDAY, JUNE 3, 1886.

On Sunday last the work of changing the guage on various Bouthern roads to the standard guage, employed 7,800 hands at an average of nine hours employment.

DICKIRBON COUNTY holds the primary elections to-day-to elect delogates to the county convention which meets Saturday. The convention Baturday elects delegates to the Concordia Congressional convention.

Tern Commissioner of the General Land office has instructed the Register and Receiver of the Balina office by wire, to make no more pre-emption filing, timber culture or desert land entries, until further orders.

THE Republicans of Ottawa county. have brought out Hon. R. F. Thomp son, of Minneapolis, as a candidate for Congress. He is an able lawyer, an experienced legislator and would represent the Fifth District with ability and honor

THE President did a very sensible thing yesterday in furnishing himsalf with a wife, who will be known bereafter as the first lady of the land. Miss Frances Folsom yesterday became Mrs. Stephen Grover Cleveland. She is only 23 years old, while her distinguished husband is 49.

HERR JOHANN MOST, the anarchist, was sentenced to the penitentiary for one year and fined \$500. Recorder Smith in sentencing Most expressed deep regret that the law did not permit him to impose a beavier sentence. His crimes, he said, deserved the punishment awarded to capital offenses. He also told him he was the greatest scoundrel he had ever seen at the bar.

THE Fort Dodge military reservation which was abandoned some years ago and the troops withdrawn from the fort by the War Department, comprising upwards of 12,000 acres of land, has been settled upon by people living in the vicinity of the reserve. In less than 24 hours last Monday every quar ter section was taken and a house erected thereon. Although the title may be questionable the people were bound to "squat."

BEFORTS of the Agricultural Department to the lower House of Congress say the wheat crops of India, Australia and South America, aiready harvested, are 32,000,000 bushels less than last year, while the praduct of the United States promises to exceed last year's yield by fully 100,000,000 bushels. The wheat in the United States May 1 last was 105,000,000 bushels, against 152,000,000 bushels in 1885.

IT devolves upon Republicansnow that it is pretty well settled to be the wish of a large majority of the party that the present incumbents of the State offices should be renominsted-to be on their guard and not let the matter go by default. In being negligent politicians may so set the wires as to defeat the clearly expressed will of Republicaus coucerning the ticket. Therefore let us all take an interest in the primary elections, and turn out in force.

WE do not learn that the Junction City Union's abuse of Burton, nor its reproduction in the Topeka Copital at the request of E. B. Purcell, has done much good for John A. Anderson in Dickinson county, People down there think it very impertment for outsiders to come into their county and dictate who they shall support. They know their own citizens better than the boodle gang who are trying to run the politics of the Fifth Congressional District by the free use of

WE understand that one of John A. Anderson's managers is telling down east that Saline county can be had for John A. Anderson if it is necessary. From which we are to infer that when the time comes money will be poured into the county to buy votee, &c. The township statesmen who are in the annual habit of selling their political influence for gold had better hold off until John A. Anderson's money bags arrive-because that distinguished purist will certainly need Saline county.

SENATOR INCALLS in his North American Review article says there is indifference in boto the Democratic and Republican parties concerning President Cleveland. A man elected to office by "accident"-be he Presidunt, U. S. Senator or any other offloor, who is elected only indirectly by the people-never did yet have any following at the expiration of his term. He is a "weakling" in office, and the very fact that he has no support from his former political friends makes him so. Cieveland and Hayes will be tucked away in the same niche in history, labled "one term accidents. Record of their administrations, lost. N. G."

GOVERNOR HILL, of New York, is regarded by many as the coming man for the Democratic Presidential nom-ination in 1888. President Cleveland Rev. Mr. Miller delivered a much apis regarded as entirely out of the field, Democrats being more than willing to take him at his word, when he publicly declared himself opposed to a second term. It is said, on good Democratic authority, that Cleveland could not get a single vote from the

PROF. ED. BARR,

234 East 23d Street.

It is said that 50,000 people die annually in the United States alone from this disease. In some sections of the country one death in every three is from Consumption. This can be and should be avoided our-people are too careless about an ordinary cough or cold, and other symptôms of throat and lung affections that lead to this disease. You should arrest it while it is in the germ. Two or three doses of Dr. Bosanko's Cough and Lung Syrup will relieve an ordinary cough or cold. It does not dry up a cough like many preparations on the market and leave the disease behind it, but acts directly on the throat and bronchial tubes, removing all the phlegm and morbid matter that seeu, muistes in the throat and lungs. I allays all irritation and renders the voice clear and distinct. Sold by Oscar Seitz
